GENERAL INFO

Parking	There are public parking spaces near our venue, where you can park your vehicle at your own expense. From the moment that a approval has been given in consultation with our venue, you will receive the necessary information about this during get-in.
Loading Dock	You will find the loading dock around the corner of our main entrance. Take a left turn just before the train tracks. You can park your vehicle anywhere on the concrete, but please not in front of the doors.
Capacity (main)	Maximum capacity = 400 (when there is no other event in the building)
Stage size (main)	6 x 4 x 0.8 Mtr (WxDxH)
Clearance (main)	3 Mtr
Hall90 stage size	4.5 x 3.6 x 0.4 Mtr (WxDxH)

Load-in/Load-out Artists that will perform at our venue must take the following load-in and load-out requirements into account:
For unloading before show: the get-in time must be followed for unloading equipment. For loading after show: this must be done before the backstage curfew, so the venue will be empty from external gear.
If you want to deviate from this, then please send a request up to a maximum of one week before showday.

DB LIMIT

All areas 103 dBA average over 15 min.
Our staff will check the dB level, please respect this indicated maximum.

DECORATION

- Backdrop** Our venue provides the options to hang a backdrop, the backdrop itself must be supplied by the act/band itself. (max 6 x 4 m).
- Decoration** We do not have an internal deco department, if the organisation brings its own decoration, it must meet the conditions regarding safety and fire safety. If not, our staff will demand to remove them from the venue. **PLEASE READ OUR FIRE SAFETY MANUAL [HERE](#).**
- Responsibility** We cannot guarantee that deco will remain undamaged. Setting up deco is therefore your own responsibility.

BACKSTAGE / DRESSING ROOM

- Backstage** Our backstage area has direct access to the stage, changing rooms and loading dock. Please do not put equipment etc. in the walking route, in front of door openings and any escape routes. Please stick to the black and yellow markings for storing equipment.
- Dressing room** We have two dressing rooms, each dressing room can be closed. The rooms have a shared toilet shower combination.
- Upon arrival you will be given a tour by our staff. Please respect our house rules and staff working on the show day.

HOSPITALITY

- Basic hospitality** If the organisation or band hasn't provided a hospitality rider at a reasonable advance notice, we'll offer basic hospitality.

Our basic hospitality includes:

- Beer
- Assortment soft drinks
- Water
- Assortment snacks
- Coffee & Tea

In consultation with our production team, changes could be made to our basic hospitality list. This will only apply when a hospitality rider has been forwarded on a reasonable advance notice, and if confirmed by e-mail by one of our production managers.

- Dinner** Dinner can be offered by the venue. If the band has a get in time from 6pm, they will provide their own dinner and it will not be provided by our venue.

Buy-out terms Once an agreement has been made that we will provide a buyout instead of a meal, it will be transferred during get in at the show day. This will not be transferred in advance.

TERMS / CONDITIONS

- Deliberate destruction, vandalism and theft of our equipment and our other belongings will be charged to the tour manager and/or the acts themselves.
- If damage is caused, this must be reported immediately to the manager of the evening.
- When damage is not reported, this will be treated as an act of destruction and will be charged without exception.
- Acts are responsible for the behaviour of all guests and third parties that they allow in the backstage area.
- Security camera's may be used to monitor and review with the purpose of identifying perpetrators.
- Intentional drops of microphone (“as part of the show”) will be charged without exception, even though no visible or audible damage can be identified.
- Use of confetti is strictly forbidden and will lead to cleaning costs for the offender, without exception. This includes costly clean-up of all air-cooled light-equipment.
